1. Streaming Service Library Database

Project Overview:

- The project involves creating a comprehensive database for a variety of content available on different streaming platforms.

Objective:

- The primary goal is to gather information from these diverse platforms and organize it into a centralized library database.

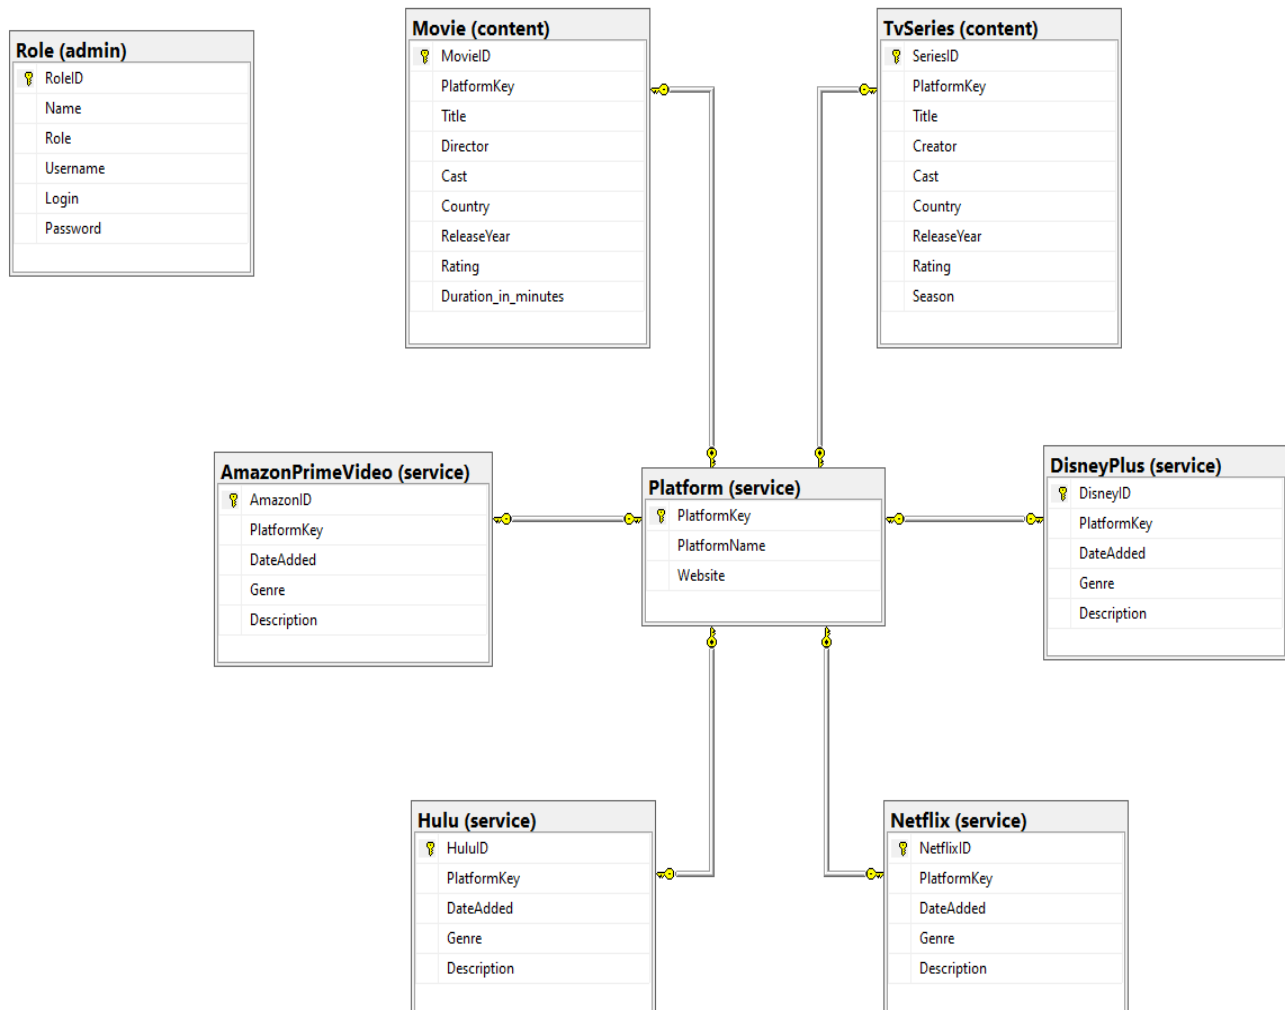

Phases and Tasks:

- The project will progress through various phases, each encompassing specific tasks related to DDL, DML, DQL, and DCL operations.

Skill Demonstrations:

- The project is a demonstration of my proficiency in four essential aspects of SQL: Database Design (DDL), Data Population (DML), Data Retrieval (DQL), and Access Control (DCL).

6. Access Control (DCL)

6.1. Define User Roles and Permissions

Define user roles and set appropriate permissions.

| Role | Permissions |
|----------------|---|
| DatabaseAdmin | DatabaseAdmin is granted full access to the StreamingServiceLibrary database |
| ContentManager | Content Managers are given specific permissions within the content schema. |
| ServiceManager | Service Managers are given specific permissions within the service schema. |
| Members | Members have limited permissions, allowing them to only SELECT data within the content, service, and dbo schemas. |

6.2. Implement Access Control Statements

Implement DCL statements to control access to the database based on user roles and permissions.

| SQL Statements |
|--|
| GRANT ALL ON DATABASE StreamingServiceLibrary TO DatabaseAdmin; |
| GRANT SELECT, INSERT, UPDATE, DELETE, ALTER ON SCHEMA:: content TO ContentManager; |
| GRANT SELECT, INSERT, UPDATE, DELETE, ALTER ON SCHEMA:: service TO ServiceManager; |
| GRANT SELECT ON SCHEMA:: content TO Members; |
| GRANT SELECT ON SCHEMA:: service TO Members; |
| GRANT SELECT ON SCHEMA:: dbo TO Members; |

6.3. Simulate User Interactions

Simulate user interactions with the system, demonstrating how access control works based on user roles.

| User | Login | Password | Assigned Role |
|------------------|----------------------|------------------------------|----------------|
| admin | adminpatrick | adminpatrickpassword | DatabaseAdmin |
| contentmanager#1 | contentmanageralex | contentmanageralexpassword | ContentManager |
| contentmanager#2 | contentmanagermegan | contentmanagermeganpassword | ContentManager |
| contentmanager#3 | contentmanagerjordan | contentmanagerjordanpassword | ContentManager |
| servicemanager#1 | servicemanageremily | servicemanageremilypassword | ServiceManager |
| servicemanager#2 | servicemanagerderek | servicemanagerderekpassword | ServiceManager |
| member#1 | membersophia | membersophiapassword | Members |
| member#2 | memberliam | memberliampassword | Members |
| member#3 | memberava | memberavapassword | Members |
| member#4 | memberethan | memberethanpassword | Members |
| member#5 | memberolivia | memberoliviapassword | Members |
